Mark Pecchenino
Ada County Development Services
200 West Front Street
Boise, Idaho 83702

Dear Mr. Pecchenino,

The Idaho Transportation Department (ITD) appreciates the opportunity to respond to your request for an updated status report regarding access from Warm Springs and improvements to Warm Springs and State Highway 21 by Skyline Development for The Cliffs Planned Community.

Currently, Skyline Development is beginning the permit application process with the District 3 Traffic Section. The application is to build a grade separated interchange at the Warm Springs and State Highway 21 interchange. The permit and plans would need to be agreeable to and countersigned by Ada County Highway District (ACHD). It could include a new approach to Warm Springs across ITD property. After project completion, ITD would transfer ownership of road to ACHD for use as a public street. Also, once project is complete, ITD would declare and dispose of any surplus property per policy.

If you have any questions, contact me at 334-8377.

Sincerely yours,

Jon Ogden, P.E.
Assistant District Traffic Engineer
